442 ALL BRASS FLUSH CAP CYLINDERS

The #442 cylinder is all brass and is made from seamless brass tubing. Its flush cap design (no outside caps) allows you to install a larger cylinder in a smaller diameter well. The 2", 2-1/4", & 2-1/2" cylinders are tapped for 1-1/4" pipe and 7/16" rod. The 3" cylinders are stocked in a 10" stroke with 1 1/4" tapping and also in a 12" stroke with a 2" tapping, both with 7/16" rod. The 4" cylinder is tapped for 2" pipe and 5/8" sucker rod. All cylinders have a 10" or longer stroke. The first length shown below is the stroke, while the second length is the barrel length of the cylinder.
